PROFESSIONAL SUMMARY

Computer Science Engineering student seeking opportunities to gain practical industry experience and enhance technical skills. Passionate about software development, database management, problem-solving, and emerging technologies. Quick learner with strong analytical thinking and teamwork abilities.

EDUCATION

Bachelor of Engineering (Computer Science and Engineering)

St. Joseph Engineering College, Mangaluru

Expected Graduation: 2027

Pre-University Education (PUC)

Christ King English Medium Pre-University College, Karkala

Year of Completion: 2023

SKILLS

- Programming Languages: C, C++, Java, Python
- Database Management: SQL, MySQL
- Web Technologies: HTML, CSS, JavaScript
- Tools: Git, GitHub, Visual Studio Code
- Microsoft Office (Word, Excel, PowerPoint)
- Problem Solving, Team Collaboration, Communication

ACADEMIC PROJECTS

Pharmacy Management System

- Designed and implemented a database system for managing medicines, customers, and orders.
- Developed SQL queries, joins, subqueries, and reports for efficient data management.

Student Management System

- Created a system to manage student records and academic information.
- Implemented database operations using SQL.

CERTIFICATIONS

- Learn to Program: The Fundamentals – University of Toronto (July 2024)
- Generative AI with Large Language Models – DeepLearning.AI & Amazon Web Services

(July 2024)

- Develop GenAI Apps with Gemini and Streamlit – Google Cloud Skills Boost (May 2024)
- Introduction to Generative AI – Google Cloud Skills Boost (May 2024)
- Navigating Software Testing Tools: Types of Software Testing Tools – Infosys Springboard (March 2025)
- Advanced Data Structures & Algorithms in Java: Sorting & Searching Algorithms – Infosys Springboard (February 2025)

ACHIEVEMENTS

- Participated in technical workshops and coding activities.
- Successfully completed academic projects involving database design and programming.
- Demonstrated strong analytical and problem-solving abilities.

INTERESTS

- Software Development
- Artificial Intelligence
- UI/UX Design
- Database Systems
- Web Development
- Generative AI
