 Mangaluru, India

Summary

Motivated Computer Science and Engineering student with hands-on experience in Java, Python, React.js, HTML, CSS, SQL, and REST APIs. Passionate about software development, problem-solving, and building scalable, high-quality applications. Eager to contribute to innovative software projects while continuously learning new technologies.

Education

Bachelor of Engineering (B.E.) in Computer Science and Engineering, <i>St Joseph Engineering College, Vamanjoor</i> CGPA: 9.53	08/2023 – Present Mangaluru
Pre-University Course (PCMC), <i>St Aloysius PU College</i> Percentage: 94%	05/2021 – 03/2023 Mangaluru
Secondary School Education (SSLC), <i>St Dominic's School</i> Percentage: 83%	06/2020 – 05/2021 Bantwal

SKILLS

Technical Skills

- Languages: Java, HTML, CSS, Python
- Frontend Technologies: React.js
- Backend Technologies: REST APIs
- Databases: MySQL, MongoDB
- Version Control: Git, GitHub

Projects

Lexical Feedback Analysis Python, NLP Developed an NLP-based application to improve users' vocabulary and communication skills for interviews, presentations, and daily conversations. Analyzed spoken and written responses to provide feedback on vocabulary usage, word repetition, and clarity. Suggested alternative words and phrases to enhance communication effectiveness. Generated personalized feedback to support continuous improvement.	01/2026 – Present
Expense Tracker Python, MySQL Built an Expense Tracker application using Python and MySQL to help users manage and monitor their daily expenses. Implemented features to add, update, delete, and view expense records, with all data securely stored in a MySQL database. Demonstrated Python programming, database management, data handling, and data visualization.	09/2025 – 11/2025
